Bardsey fans

Loving Bardsey

I've been coming to Bardsey for 6 years and love it each time. Maybe one day I will be able to live here. The things that make it so great are all the sights and surroundings, and it's just different to the noisy town. All the people are very kind and friendly so it's easy to make friends.

"All the sights and surroundings make it so great."

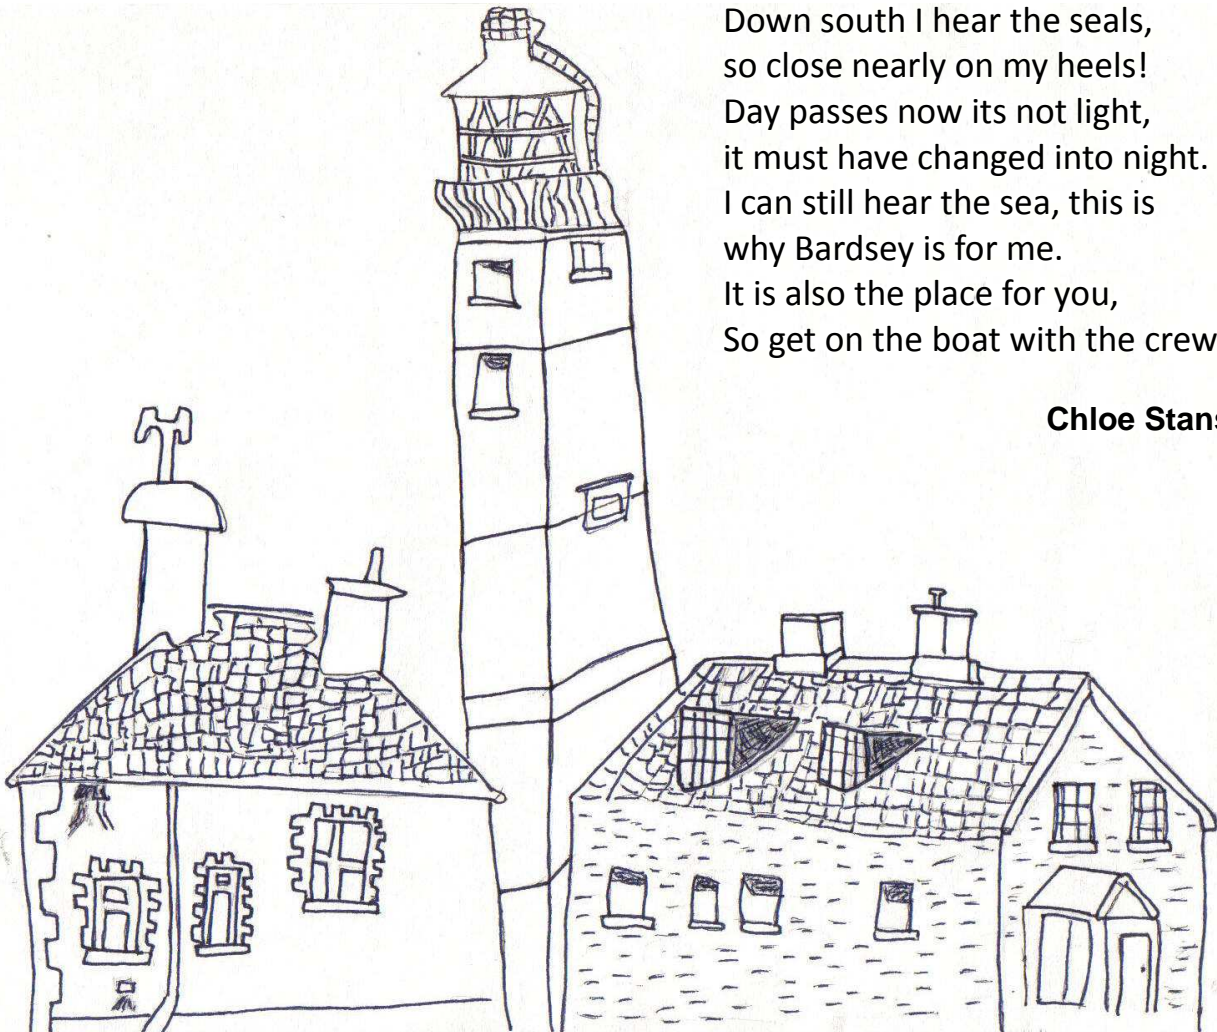

I have written a poem to show how much I like Bardsey. Maybe you should come to have this wonderful experience. (If you have been then tell others.)

Bardsey sights and sounds

Bright lighthouse towering high,
birds flying in the sky.
In the field there are sheep,
come on in and take a peep.
People coming from miles away,
residents watching in the bay.
Waves crashing against the rocks,
I think its time to change our socks.

Down south I hear the seals,
so close nearly on my heels!
Day passes now its not light,
it must have changed into night.
I can still hear the sea, this is
why Bardsey is for me.
It is also the place for you,
So get on the boat with the crew.

Chloe Stansfield
